Our mission statement:

Kid•netic was created by parents and educators for parents who desire an active, stimulating, learning environment for their children. Our goal is to challenge your children's creativity, increase their physical skills, engage them in thought and interact in a social setting, all while they are having fun.

Kid•netic is a unique enrichment and play center. We offer a nurturing and non-competitive environment with exciting age-appropriate activities for newborns through 10 year olds.

What you can expect:

We are dedicated, experienced and creative instructors, who will expose your child to fun and exciting activities. Each week your child will experience different themes that will challenge his mind, body and spirit. Each class is about 45 minutes to an hour, depending on the age of the child.
